## Empty Bowls

Curry is participating in the empty bowls fundraiser this year. All money raised goes toward feeding the hungry right here in Tempe, AZ.

Sometime this week, students will see the bowl that they made. If you are interested in purchasing your child's bowl, please send in \$1.00 by the end of this week. Contact me if you have any questions. Thanks!

## Valentine's List

Valentine's Day is right around the corner, and a few kids have already started asking about how we will celebrate. We will celebrate Valentine's Day on **Friday, February 12th** with a pizza party. Students are welcome to bring a treat to share with the class that day, but please nothing home made.

\*A few kids have asked for a class list because they want to pass out valentines. This is not required for any student, but I have attached the list on the back of this newsletter in case you do wish to participate!

## Important Dates

We have a few important dates coming up pretty quickly this quarter:

Mon 2/8 BFG Field Trip

Mon 2/15 Presidents' Day

## Class Update

Happy Monday! I hope everyone had a restful and productive weekend. We have a fun week of learning ahead of us!

This week, we will begin our Mystery Unit during reading. Each pair of partners will spend the next couple of weeks reading a different mystery and learning about the elements of a mystery story. Last week we began walk-to-math...this will continue this week with each class working on different levels of multiplication. We will also continue our study of the human body by learning about the digestive system during science.

As always, please let me know if you have any questions or concerns. Thanks for everything you do!

## Class List

---

Aja  
Amyla  
Bella  
Benjamin  
Christopher  
Darian  
Deanna  
Dru  
Emir  
Janiyah  
Jayvinn  
Jeramiah  
Jocelyn  
Kaliq  
Ray  
Reginae  
Samantha  
Sofia G.  
Somaya  
Sophia S.  
Sophie  
Treyvon

### *Reading*

In reading this week, we will identify dialogue in a text and determine how two characters' points of view may differ.

### *Writing*

In writing this week, we will create a 3-paragraph personal narrative about a time we were sick.

### *Math*

In math this week, we will use equal groups, arrays, repeated addition, and skip counting to solve multiplication facts.

### *Social Studies*

In social studies this month, your child will identify countries in Asia and learn a brief history of the continent.

### *Science*

In science this month, your child will identify and describe the parts of three body systems: circulatory, respiratory, and digestive.

### *Technology*

In technology this month, students will save pictures to their desktop and upload them to Wixie and Edmodo.
