Book Order

Last week our November book order went home. I have already received several orders, please send in any remaining orders (or order online) as soon as possible. They are due by this Friday.

***If you would like to order books as a Christmas gift, this is the order to do it! If that is the case, please let me know so that I do not give them to the kids when they arrive.

No School

Just a reminder that we have no school this Wednesday, November 11th. Please enjoy your Veterans Day and we will see everyone back here on Thursday.

Important Dates

As we make are way quickly through 2nd quarter, there are some important dates coming up:

- 11/11 Veteran's Day No School
- 11/25-27 Thanksgiving No School
- 12/1 Winter Testing Begins (NWEA and DIBELS)
- 12/21-1/1 Winter Break No School

Class Updates

I hope everyone had a wonderful weekend and enjoyed the cooler weather we are finally having! We had a great week learning about pumpkins and their life cycle, and we're ready to hit the ground running this week!

This week we will begin some of our test-prep for our upcoming NWEA and DIBELS tests. It is more important than ever that students are reading at home each and every evening! With three weeks until testing begins, and a big Thanksgiving Break coming up, it is crunch time.

Thank you so much to parents who have helped students figure out their Moby Max login, it has been fun to see the students truly enjoying their homework each evening. As always, please let me know if you have any questions or concerns. Thanks for everything you do!

Spelling

1. hens
2. eggs
3. ducks
4. bikes
5. boxes
6. wishes
7. dresses
8. names
9. bells
10. stamps

*Challenge Words

Reading

In reading this week, we will justify our answers to comprehension questions with evidence from the text.

Writing

In writing this week, we will identify the elements of how-to writing after reading and following many examples.

Math

In math this week, we will skip count to find the value of a group of coins.

Social Studies

In social studies this week, your child will learn describe the events that led up to the American Revolutionary War.

Science

In science this week, your child will identify objects as solid, liquid, or gas and describe how they know.

Technology

In technology this week, students will save pictures to their desktop and upload them to Wixie and Edmodo.
